

Family Travel Is A Gas On Amtrak

(And It Saves Money, Too!)

Gas...prices going, going UP! Gas...availability...
going, going GONE!

What's a family to do? Stay home?

No! Next time out leave **your** car home and
take **our** car...and save on the cost of rail
transportation at the same time!

With Amtrak's Family Plan the head of the
household pays the prevailing full fare while
the spouse and children 12-21 pay only half
the full rate, and children 2-11 pay just 25 per-
cent of the full fare.

Travel can begin any day but Friday and Sun-
day (except on trains that operate three days a
week). Family Plan rates do not apply to spe-
cial fares, nor can they be used on Metroliner
Service trains.
