# ONE OF THE CAPITOL'S MOST CONVENIENT CONNECTIONS

## NEW CARROLLTON, WHERE AMTRAK AND METRO MEET

Taking Amtrak has always been the most convenient way to travel, and starting on October 30th 1983, it will be even easier to take Amtrak from Metropolitan D.C., Maryland and Virginia. We'll be replacing our old Capital Beltway station with a beautiful new station featuring modern rest-room facilities; a comfortable waiting room; a ticket office offering fast, efficient service; and escalators and elevators that transport you to track level.

Our New Carrollton Station is also a Metro station, so now you can make easy connections between your Amtrak train and the Metro system with subways and buses serving the entire Washington-Maryland-Virginia area.

## CONVENIENT LOCATION

*Now you can go all over D.C. Without having to drive downtown.*

Our New Carrollton Station is located in a Maryland suburb convenient to three major highways. So you no longer have to go all the way downtown if you're going out of town from Maryland or Virginia.

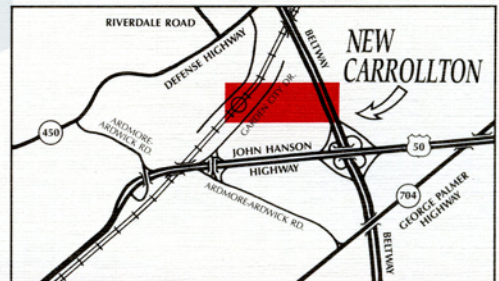

## CONVENIENT PARKING

Now there's an even better reason to leave your car and your worries behind. Our New

Carrollton station has plenty of convenient parking right across the street. A new parking lot will provide nearly 400 parking spaces exclusively for Amtrak passengers. You won't have to worry about finding a safe, well-lighted, and convenient place to park your car when you're away.

## CONVENIENT SCHEDULE

Improved Amfleet and Metroliner Service to Philadelphia, New York and Boston. With the opening of the New Carrollton station we'll also be expanding our prime-time Metroliner Service to the Northeast Corridor from the station. With more convenient departure and arrival times, our new station will make it easier to take Amtrak wherever you're going. For more information on train times please see our new schedule on the back page.
